The Heart of Eden

In today's world, it can be easy to become pessimistic and wonder if there is any good left in humanity. Recently, we had the privilege of going to Choctaw Road Baptist Church to participate in their missions fair. As I listened to the representative of each ministry speak, I was impressed and genuinely moved by the hearts of these people. I was struck by

all the good that is going on all around us! People are seeing a need and doing something about it, such as teaching music to children whose parents are incarcerated or providing summer camps in trailer parks for children who live there.

Eden Clinic is no different. God is at work at Eden. He is moving in the hearts of people before we even realize the needs we have.

Volunteers. They are at the heart of what we do at Eden Clinic! Upon completion of our 2021 Strategic Planning Retreat, it became obvious that everything we do and all that we want to accomplish requires volunteers—lots of them. So before we put out a call to action for volunteers, we began praying.

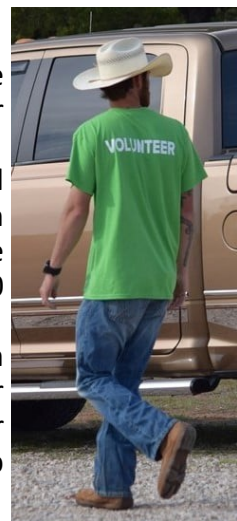

..and God answered...big.

We still have not formally requested volunteers, and yet our volunteer hours have increased 400% compared to the same quarter of last year. God knows what we need before we know that we need it, and He began moving in the hearts of our volunteers long before our needs were revealed to us.

Our volunteers have always provided service to our patients either medically or with pregnancy consultations and wellness programs. And now, they are helping with

administrative needs, wanting to be a part of our abortion hotline, and helping with events. We had over 20 volunteers participate in the Pull for LIFE, our inaugural trap shoot fundraiser!

We have opportunities to join us on site or volunteer from home. We need everything from graphic design and social media expertise to post-abortive care and writing of hand-written notes. If you want to help, but don't know how, I would encourage you to complete our volunteer application by clicking [here](#).

Soon we will be gearing up to flood the city with material to raise awareness about Eden Clinic and the services we offer. We will need an army of volunteers for this large task!

Now to Him who is able to do immeasurably more than all we ask or imagine, according to His power that is at work within us, to Him be GLORY in the church and in Christ Jesus throughout all generations, forever and ever! Amen.

-Ephesians 3:20
