Human life has intrinsic value and is worth fighting for under any circumstance. The mission of The Eden Clinic is to empower women with support and resources they need to carry their babies to term. In 2019 and 2020, The Eden Clinic served more than 2500 patients/clients and saw more than 95 moms choose life for their preborn babies. These were women who had walked through our doors for a free pregnancy test and ultrasound and were set on aborting. The genuine love of Jesus Christ is shown through our staff and through the services we can provide because of the support we receive from people like you. Both your immediate and eternal impact is immeasurable.

### How Can You Help?

The Eden Clinic is supported through local churches, businesses, and personal donations, and there are a few ways you can Partner with us to make an impact for LIFE.

As a *Rooted* Partner, your family's monthly gift of \$25, \$50, \$100, or more will help fund long-term programs that change the lives of young women and babies, changing the trajectory of their lives forever. *Jeremiah 17:8*

Your church can become a *Branches* Partner through a Monthly or Quarterly missions gift to help provide free pregnancy tests, ultrasounds, and Options Consultations for young women who might be considering abortion. Your partnership will help us minister to them through Christ and help them know that they have other options. *John 15:5*

As a *Seeds of Life* Partner, your one-time gift will greatly increase the impact Eden Clinic can have on women in our community, planting the Seeds of hope in their lives. *1 Corinthians 3:6*

### Volunteer

We need volunteers! Areas such as receptionists, advocates, nurses, and sonographers are needed. There are also opportunities to volunteer for events throughout the year.

For more information, call Orfa at 405-579-4673.

You can Partner with Eden Clinic today by hovering your smart device's camera over this code.
